TO WHOM IT MAY CONCERN AT WFITN

Paris, July 19th, 2019

Dear Mrs Executive Director, Dear Mr Secretary General,

Herewith, I would like to support the application of Prof. Hongqi ZHANG to the position of Member at Large of the WFITN, which he already occupies successfully and actively since 2017.

Prof. ZHANG's scientific achievements is worldwide recognized since years among the neurointerventional community. Besides of that, Hongqi is the organizer of the CFCVD (Chinese Forum of Cerebrovascular diseases) which is the leading meeting in our field in China.

His past activities have proved himself not only an outstanding physician, but also a highly capable professional in building and enforcing the international community of neurointerventionists. I think that his expertise in Education and Teaching would continue to well fit for the Executive of the WFITN.

I highly recommend accepting his application.

Sincerely yours,

Professeur Laurent SPELLE
